Top customers contribute similar revenue (~13K each)

No single customer dominates

👉 Balanced customer distribution

Top 10 Customers by Sales

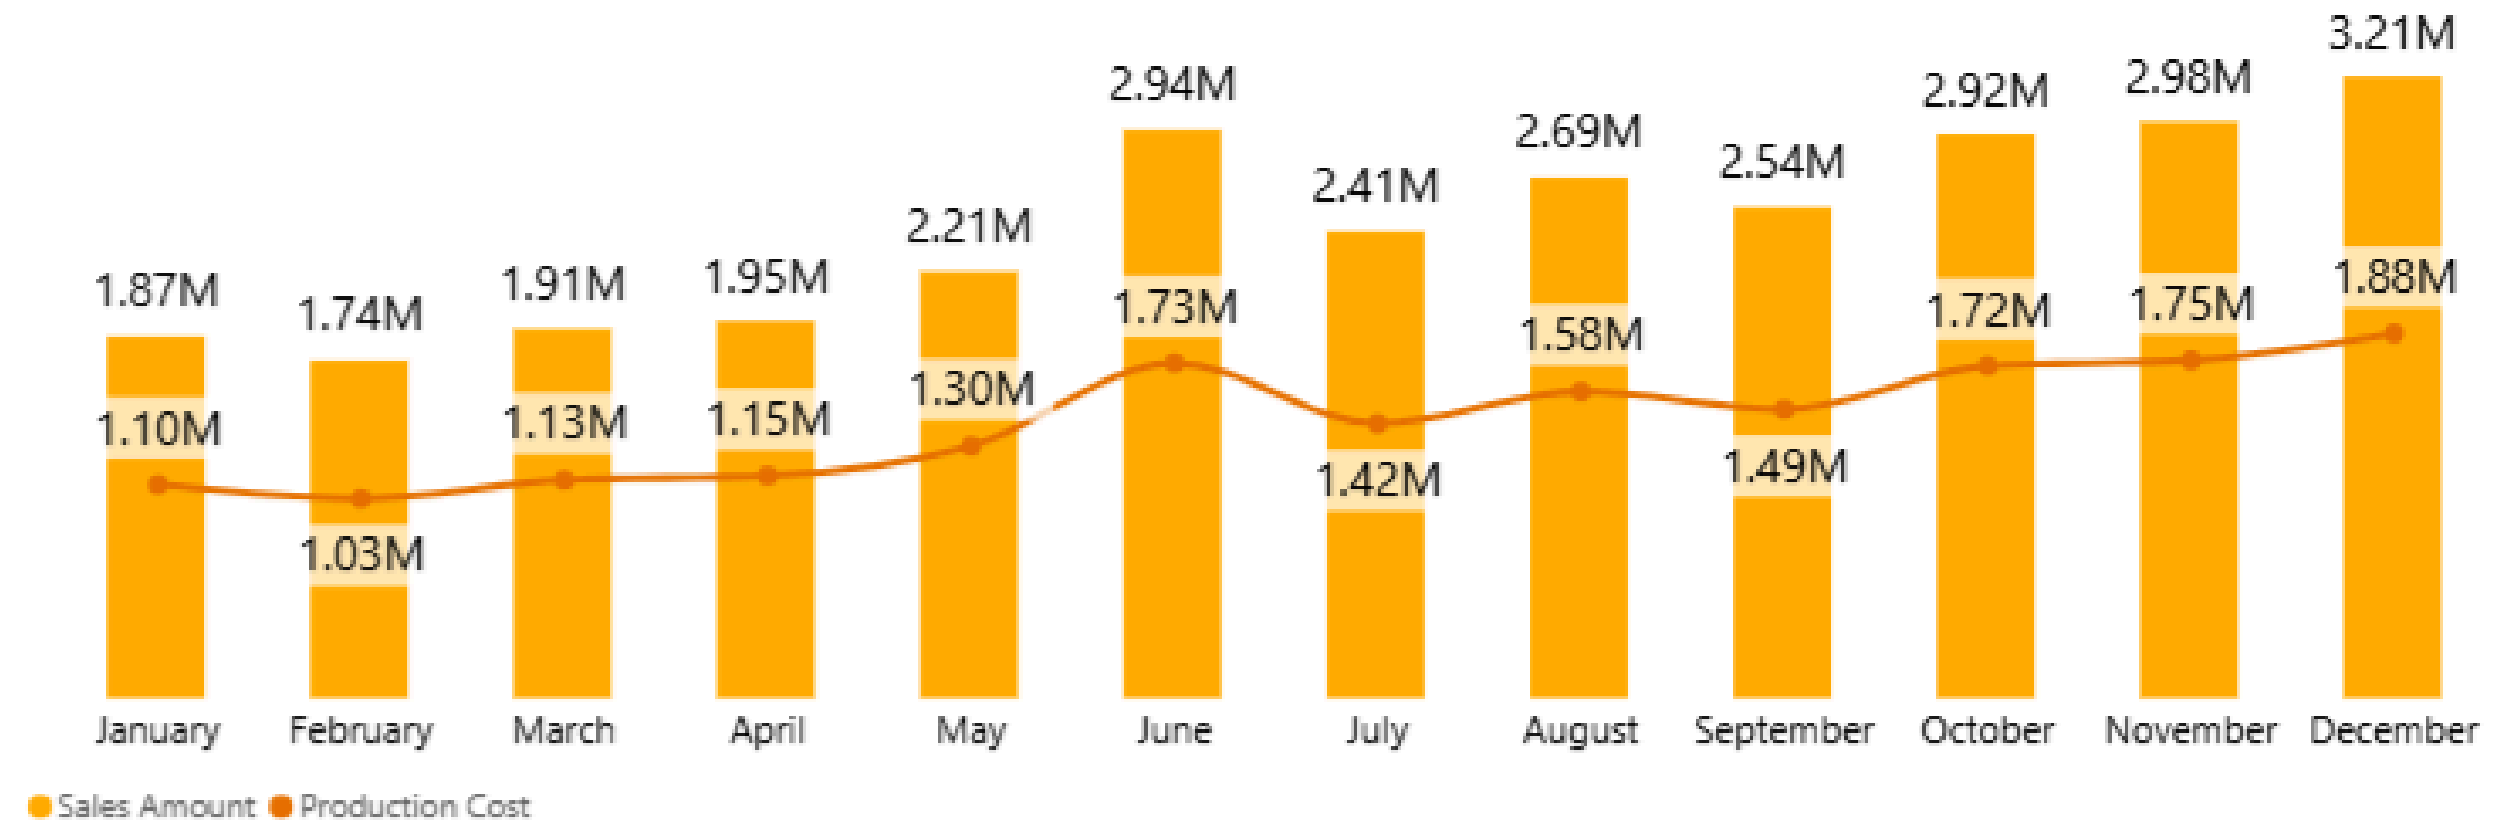

Sales Contribution by Quarter

(~31%)

- Q1 lowest (~18%)

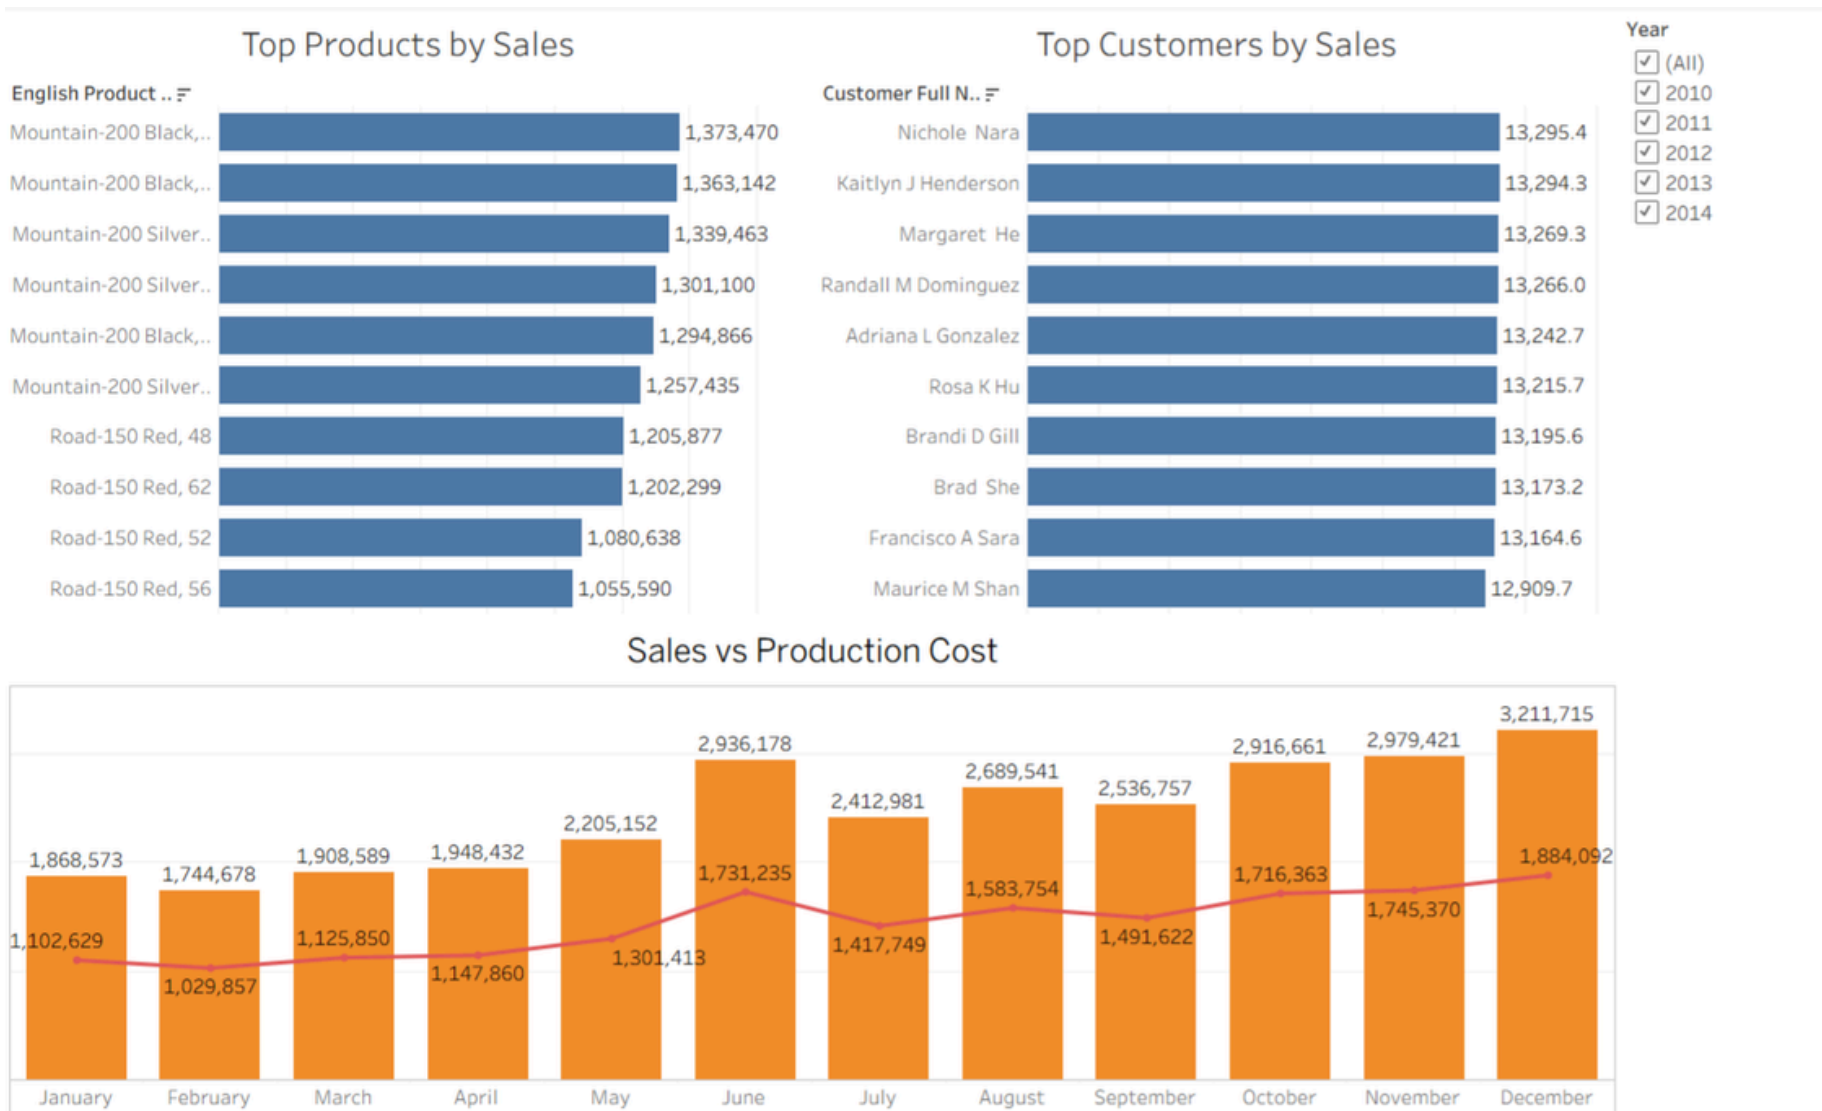

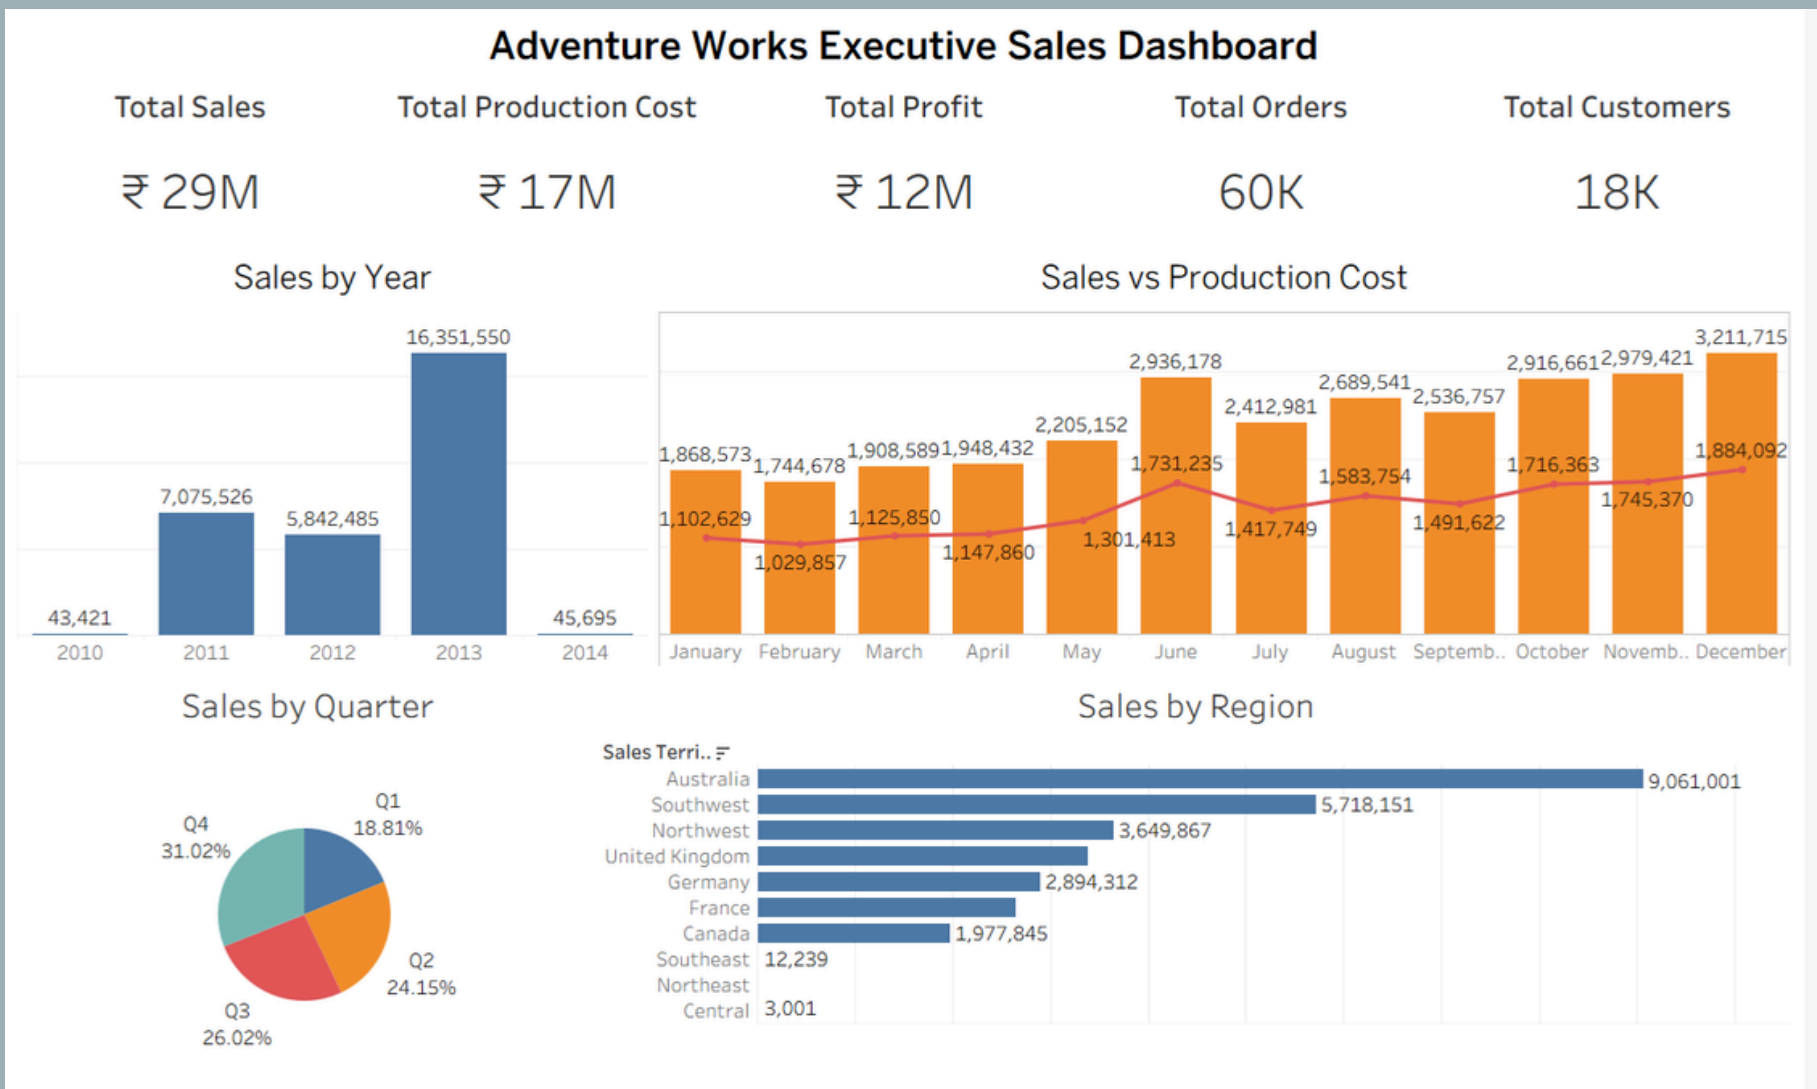

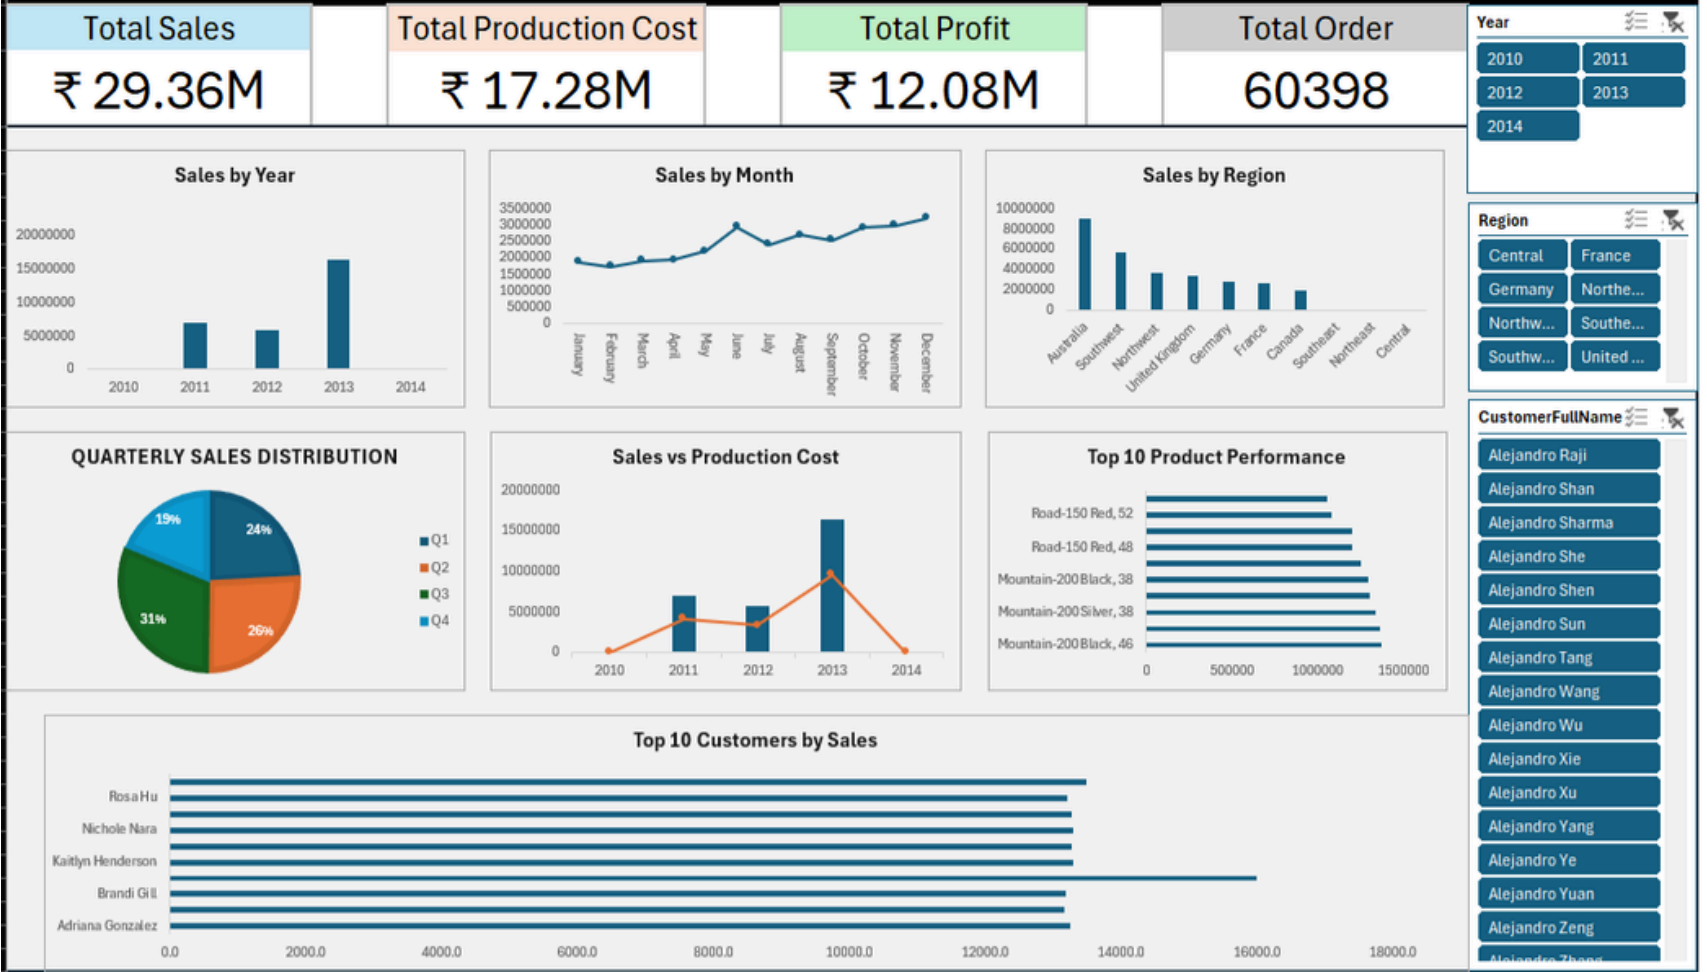

👉 Business is

Sales vs Production Cost by Month

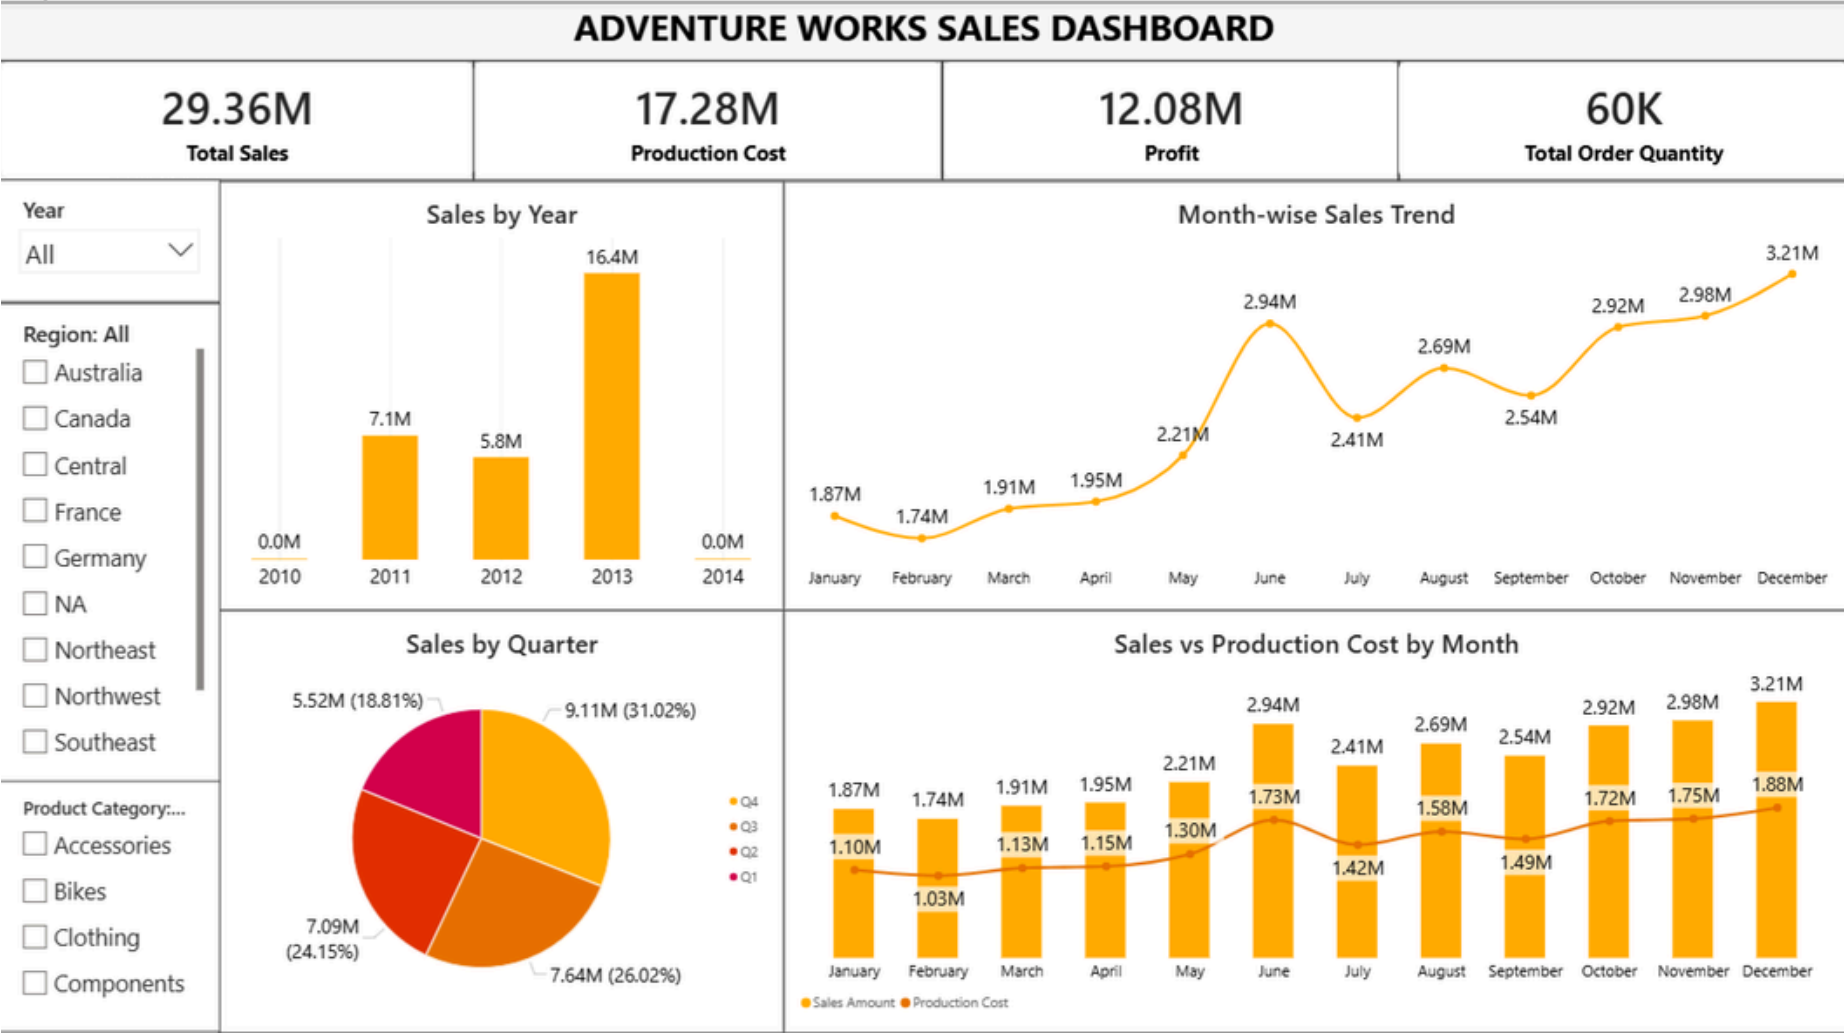

Excel Dashboard

Tableau Dashboard

Power BI Dashboard

Dashboard Comparison (Excel vs Tableau vs Power BI)

Power BI → KPI-focused, interactive

Tableau → best visuals & storytelling

Excel → flexible but less interactive

👉 Same data, different insights experience

Business Risks & Gaps

Over-reliance on Australia

Weak performance in
multiple regions

Limited product diversity

Yearly inconsistency

Strategic Recommendations

- Expand low-performing regions
- Diversify product portfolio
- Focus marketing on Q4
- Investigate sales drop years

Key Takeaway

➡ High revenue
+ strong margins

➡ Growth
exists but lacks
balance

➡ Future
depends on
diversification
